

For Schools

Bag Refund Donation Program

This program is exclusive to our stores in Colorado, New Mexico, Utah and Kansas and was specifically created to assist our local schools! Customers can now choose at checkout to donate 10 cents per reusable bag brought in to a local area school to use for an environmental project. This is an excellent opportunity for a school to partner with Whole Foods Market and raise money! If your school shares similar CORE values with Whole Foods Market and is interested in participating, please fill out this form. Your complete application **must be dropped off at the Customer Service Desk at the Albuquerque Store**. All applications are reviewed on a **first-come-first serve basis, and we will select a new school every three months**.

Name of Organization: _____

Address: _____

City, State and Zip Code: _____

Contact Person: _____

Position: _____

Phone: _____

E-mail: _____

Please attach any additional information about **how your school's goals align with Whole Foods Market's environmental focus**. Past support of an organization or event is not a guarantee of future support. Please note that an organization may only receive one donation per year. If you receive this donation, please do not apply for additional donations.
