Our Nickels for Nonprofits program benefits local 501 c3 nonprofits in Anne Arundel County, Prince Georges County and Kent County only. For each reusable bag that is brought in by our customers, we give either a 5¢ bag refund directly to them or give them the option of taking a wooden nickel and putting it into a donation box for one of two featured non-profits.

When the donation cycle of three months is complete, we will cut a check to the featured non-profits for the amount donated by customers.
