General information about the school scrip program

The Whole Foods Market School Scrip Program is a method of fundraising for the schools, allowing them to realize a 5% profit on the amount of scrip that is purchased and subsequently sold to parents. These monies are for scholarships, school program supplies, etc.

Scrip is offered in \$20 increments only and there is no set limit on the number of scrip purchased by the school. The school representative phones the Store Scrip Extension (942-9898 ext 350) and places an order for a specific dollar amount of scrip. Scrip is available for pick-up every Thursday by 12:00 noon for orders received by Monday at 12:00 p.m. Payment is made at the time of pickup for the gross amount of the scrip less 5%. The school representative distributes the scrip to participating parents. Scrip may be redeemed only at the Chapel Hill Whole Foods Market location for purchases. Change is given if the purchase is less than the face value of the scrip.

Sincerely,

Judy Frank
Scrip Coordinator
